

God lets His Angels have watch over us.

“The Angels of God are encamped  
about...”

They don't go back and forth; they stay  
here. I like that.

“The Angels of God are encamped  
about those who fear Him.”

71 Now, we get a little smarter as we get older. The whole world gets a little smarter. You used to go to church in a Model T Ford. Tonight you can have a V8 in the same thing. Used to be, the only way you'd get across the ocean was an old ship with sails on it. Tonight, a jet plane will take you across.

See, we get smarter; but not God. God was perfect at the begin, and He will be just as perfect at the end.

72 Now, here's what I love, listen at it now, if God is infinite, and perfect, and cannot make a mistake...Are you following me? If He cannot make a mistake, then, the way God acted in the beginning when a crisis arose, He's got to act the same way when the same crisis arise, or

He acted wrong when He acted back there. You see it?

73 Then, if God said something, He's got to stay with that in order to be God. Amen. That would make a Methodist religious, wouldn't it? Look at it. God's got to stay with His Word. You believe it? Say, "Amen." He's got to keep It.

74 Then, if a crisis arose on earth, like the people dying in the wilderness, and God erected a brass serpent for

their healing; 'cause the doctors, and so forth, was with them, if they had any, could not, none of their remedies of Egypt, could not cure their sickness, so God had to act.

75 And if a crisis has rose today where we got more sickness than the world ever knowed, diseases like cancer, heart trouble, that the doctors can't touch, then God is duty-bound to act the same way He did then, or He acted wrong when He acted that time.

Certainly, common sense would prove that if it wasn't even written in the Word. He has to be the same.

76 So, when God speaks the Word, forever It—It's part of Him. It can no more fail than God can fail. If one Word of God can fail, then God's not infinite, neither is He omnipotent. He has to take It back, then He becomes a mortal like I am. That's right. But when He speaks, It's perfect. Amen. Oh, that's what

I like: perfect. And we are perfect with the Word.

*...the law having a shadow of good things to come, and not the very image of the things,...those sacrifices which were offered year by year never make the comer unto perfect.*

77 Jesus, in Saint Matthew Gospel said, "Be ye therefore perfect, even as your Father in Heaven is perfect." How you going to do it? How can you do it? How can you be as

perfect as God is perfect? But, that was a commission, or, a commandment by Jesus Christ to be as perfect as God is, in Heaven, perfect.

Then you say, “Who can be saved?”

78 Hold it just a moment. Let's find out how that perfection is made. Now, God, back there in the beginning, when He foresaw down through this streak of time, and He knew they would have to have a remedy to save

those which were desiring to be saved, those who hungered to be up there in that realm, He had to make a way to redeem those people back again.

79 If He was infinite at the beginning, there never was a flea, frog, fly, or anything else ever come on earth but what He knowed it before the world was ever formed. Amen. Think of it. He knew you, He knew me.

80 And in order, knowing that our hearts would hunger and thirst after Him, He had to make a remedy. His great love and His great power and His great law constrained Him to do so. He couldn't do nothing else in order to be God, but to make a way.

81 So, when He looked down through the stream of time, from this end of the fall here, up to this end of the fall, you know what God did? God did nothing else but speak

right then of Jesus Christ coming, His Own Son, which He was—He was tabernacled with on earth, came down from out of the Heavens, was made flesh and dwelled among us, redeemed us, went right back up, and standing up here on the other end. And all that great highway that Isaiah saw across the place, crossing the span of time, Christ is standing at the other end, the receiving end.

82 Here I was, illustrating a little something for the kiddies, the other night, and was telling about the father of Moses, and the mother, how they was giving the little baby back, committing it back to God, Who gave it to them. I said, “Now, if you save your soul, keep it, you’re going to lose it. If you give it back to God, you’ll keep it.” And, it’s spoke five times in the Bible. Now, I said, “If—if the father and mother of Moses kept

him, they would lose him; if they give him back to God, they would keep him.”

83 And how, that that day, when they pushed him out in the flags and bulrushes, how God rose from His throne, great robes drop around Him, walked out there, and He said, “Come here, Gabriel, all of you Angels, come out here. Look down here; I’ve got somebody believes Me. I give it to them, and they’re giving it back. They can’t keep it,

because the witches of hell will get it.” Them old women going around busting their little heads, and throwing them, and fattening up the crocodiles on them.

Said, “We’ll...If we keep it, they’ll kill it, we’ll lose it; but if we give it back to God, we’ll keep it.”

84 And in this little bark that you’re sailing in tonight, you’ve got a precious thing in there, it’s a soul. If you keep it, you’ll lose it. Go on, keep it,

go on out to the world and act like the rest of them; you'll lose it. But, if you give it back to the One Who gave it to you, you'll keep it. Amen. Just believe Him.

85 And they put this little baby in the ark and pushed him out.

**I can hear God say,  
“Gabriel, come here a  
minute. Call ten thousand  
Angels on marching orders,  
and line them all up and  
down the Nile. You see that**

**not any crocodile comes near that; and when it gets into a whirlpool, see that it gets out all right.”**

**86 You're going to hit many whirlpools in this life, my brother, but if God has called Angels on marching orders to take care of you, don't worry, He will get you out of it. Amen.**

87 Notice. And the little ark was pitched. I can imagine why they put that tar on it; you know, like that on the street?

Old crocodile start to stick his nose up there, what a smell. He backed off. **And we watch him, all at once, he becomes flusterated, and away he goes. Why? Gabriel is setting up on top of that ark floating down the river. That's the reason they couldn't touch it. It would been give back to the ones that gave it.**

**88 And that's the way it is, tonight. God lets His Angels have watch over us.**

“The Angels of God are encamped about...”

**They don't go back and forth; they stay here. I like that.**

**“The Angels of God are encamped about those who fear Him.”**

I can hear Gabriel say, “But, Lord, where are You going to be at all this time?” Huh.

“I'm going to be on the receiving end, down at the other end.” He will be down

there to receive it when it gets there.

89 And there's where He's standing, tonight, on the receiving end. He is standing on the portals of Glory, on the receiving end, to receive His children. And someday, when life is over, He will reach down and wind the end of that highway of holiness around His hand, give it a big pull. And when He does, where she broke here, He will lift every saint right back up into

that realm of Eternity again, and she'll roll on through the ages. He's on the receiving end.

90 What you scared about? Afraid He won't do it? Yes, He will. As sure as there's a God of Heaven, He will do it. And He's on the receiving end. Oh, my. Look at it!
