

And I warn you in the  
Name of Jesus Christ; get  
in the Kingdom of God  
now. That's right. Don't  
you fool about it. You  
press in, because there's  
coming a time when  
you'll scream and cry to  
receive the baptism of the  
Holy Ghost; It'll be shut  
off from you.

When Israel went out of Egypt under the sacrifice lamb, when they killed the lamb, they was supposed to put it on the top of the door, on the post, and on the lintel. Now, not none down here, up here.

39 Here some time ago, standing in this, Chicago, where they shot this famous

gangster...There his blood was laying on the street. You'd watch the people when they'd bled out on the street, the people walking by and walking...Be sure they didn't step in their comrade's blood. No, no, they wouldn't step in human blood. But every day they drink and carry on, and cuss, and everything else, walking over the Blood of Jesus Christ. That's right. Yes, sir.

It's a shame; it's a disgrace the way this world treats Jesus Christ. And yet not...It's a religious world that's a doing it. That's what hurts. It's the people that's supposed to be. And that's what Christ said, "The antichrist would be so close it would deceive the very elect if possible."

Notice, then when the lamb was killed, and the blood put on that...Look, a perfect sign of the cross. See? And every one that come under that

~ 5 ~

blood was supposed to stay under it, until the orders were given to march on.

40 I'm not much for a backsliding condition, are you? No, sir. Stay under the blood. And everyone went under the blood, and they stayed there until orders to come.

I can hear some of the young girls down there, they—they say...The girls, of Israelite girls, they were getting ready. The other girls come by and say, "Say, come on out; we're going to the—the certain thing tonight."

“No, no, can’t go out.”

“Why?”

“We’re under the blood. We can’t go out. We got to stay here; this is orders.”

“Oh, that old foggy religion that your mother and dad belongs to. What’s blood got to do with it?” It’s got a whole lot to do with it. It made the difference between life and death. That’s true.

“That old religion your mother and dad’s got, get

away from it.” You’ve heard that young folks.

**Let me tell you if your mother and dad’s got the Holy Ghost, and a good old fashion saint of God, you listen to them. That’s right.**

41 They was under the blood. And the first thing you know along about midnight, there become a very strange feeling, unrest.

**Did you ever notice amongst the people today? Oh, they can’t sit still a**

**minute. No, people just can't. See? They're at too much unrest. What is it? Why, it's perfect, the coming of the Lord.**

You go out here on the street and talk to any bootlegger, or whatever he might be on the streets of the city, and wherever he might be where—wherever, everybody tells you there's something wrong. If we had a...They know. And you listen to my word's, it isn't going to

be long till there won't hardly be one smooth place left in a city in this nation. That's right. We're headed for it, brother.

42 Let me tell you. I passed right by on—on the iron curtain line here recently, till they pulled the curtains down on that little old train, there's a big old Russian guard standing there with a gun on me like that, while we passed by, and let us not look out of a hundred miles of man-made tunnel. I went up to a little

Finnish officer, he—he said, “Isn’t that awful?” He could speak English.

I said, “What is it?”

He said, “You Americans will learn pretty soon.”

Underground jet planes, planes go out from under the ground like that. Under there was atomic bombs, everything just ready, can fly the whole world around, in just a little bit, with atomic bombs. And they can send these saucers out across the nation, drop a

bomb, and twenty minute's time explode the whole earth. If they wasn't afraid of that chain of relay, could stop that hydrogen bomb, they'd be doing it right now. **Brother, while it's time to repent, get right with God.**

America...I talk to a fellow today; he said, "You mean to tell me that God would ever let America be overrun?"

"Yes, sir."

"Why," said, "as a respect of our forefathers."

43 I said, "God never did say to America what He said to the Jews down there, the Israelites. But when they got out of harmony with God, God let them go." That's right. And I tell you, brother, when you sow you reap.

And here not long ago we had prohibition, and everything, tried...And now look what we've done now. We couldn't walk the strait narrow path. As a hog goes to its wallow, and a dog to its

vomit, so does the people return back.

And look at it today, and we're in for it, and we're going to receive it. **And I warn you in the Name of Jesus Christ; get in the Kingdom of God now. That's right. Don't you fool about it. You press in, because there's coming a time when you'll scream and cry to receive the baptism of the Holy Ghost; It'll be shut off from you.**

44 For I believe the meeting is at hand right now, and that's going to bring the Gospel back to the Jews again in Palestine, and then the Gentiles is finished. When the Jews receive the Holy Ghost again in Palestine, you Gentiles are finished. You'll scream, cry, do what you want to, but mercy has returned to Israel again. That's right. And the Gentiles, they'll trod down the walls until the Gentile

dispensation will be finished, and then it's over for you.

**So you get right now with God. Be sure that you're right. And don't pay any attention to this little old weak dishwater stuff. You get into the strong powers of the Holy Spirit, that's changed your innermost being and made you what you wasn't yourself.**

Now, how the Blood of Jesus Christ is the only thing could do that. Moses gave the

command then for them to stay under there, and here come the midnight hour. I can hear the unrest, and the little boy, I can see him run up to his daddy, and say, “Daddy, daddy.”

“What?”

“What is that great noise? What is that...The people all seem to be stirring.”

He’d say, “Son, God is going to send judgment upon this nation.”

“Oh, daddy, are we all going to be killed?”

45 “No, God has promised us if we were under the Blood that we would not die.” That’s the promise today: “When I see the Blood I will pass over you, under the Blood.”

Now, I want you to notice. Then the little boy, I imagine it’s getting a little later. He’d say, “Daddy, are you...” The elder son that’s going to be taken you know. “Daddy, are

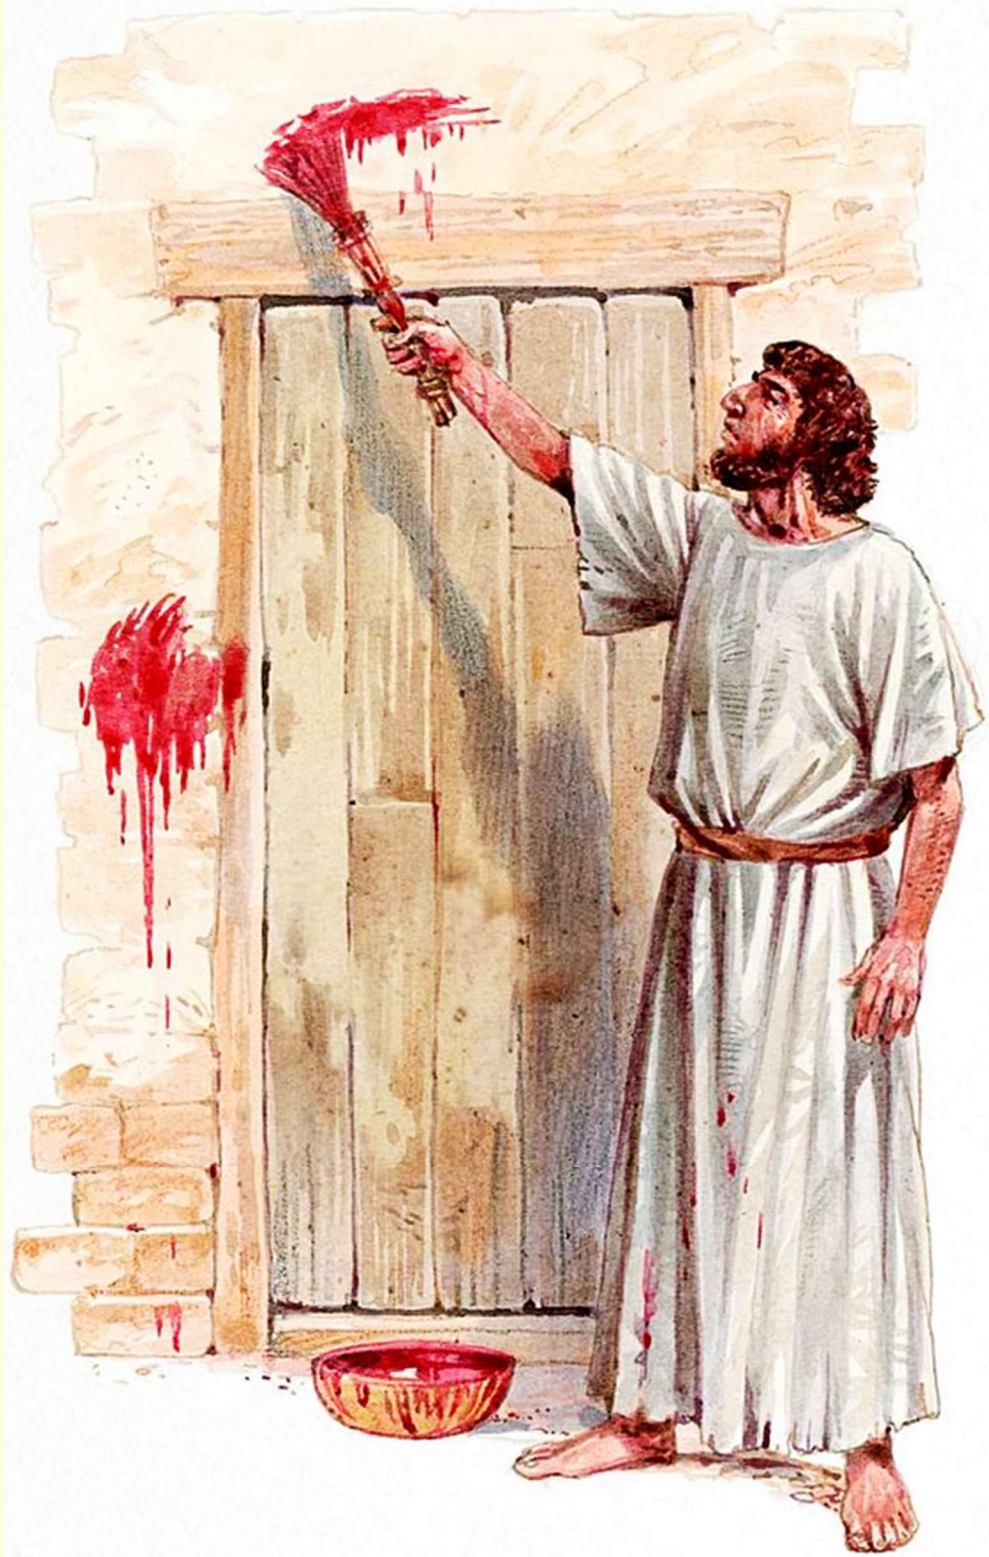

you sure that the blood's on the post?"

You know I think it's time for us Christian homes to check upon that, don't you think so? Go out and look at the door and say, "Yes, son, yeah, it's all there."

"Well, daddy can I rest at ease?"

"Yeah, yeah. God told us, as long as we was under the blood, we was all right. So there's nothing to worry about."

Directly, I hear something starting a great roar. The little boy goes to the window and looks. He said, "Oh, daddy, look coming yonder." And coming across the nation was two big black wings a moving.

I can see it move down over a house, no blood, goes in. Directly, screaming and crying, and running into the streets, the son is dead. And out in the streets, they go to screaming and crying all of them. Directly, these big black

wings comes to another house. I can see her sweep down. When it leaves the house, death's, what it was, screaming and crying in the house. All right, death in the house. But then I can see it moving towards their house, our party. And we notice he said, "Daddy, here it comes."

46 "Don't worry, son, don't have one worry, because the blood there is what He required." That's what God required. And God requires

the Holy Ghost, and power, and blood today. You got that? Okay, that's all that's necessary.

That big black wings begin to come, I can see the little fellow say, "Daddy, here it comes, here it comes."

I can hear the aged old father say, "Just don't worry, son. (Hallelujah.) Everything's all right now. Yes, sir. It's all right."

"Daddy, are you worried?"

“Certainly not, son. I believe God. Yes, sir. I believe God.”

Those big black wings sweep right down, said, “Oh, daddy look at them, they’re going up.”

“Sure.” Amen.

47 Here it just sweep towards that house, and take death, there it takes death. Then the first thing you know, up over the house they go. “When I see the blood I’ll pass—I will pass over you.”

Yes, sir. The death angel is on today. And let me tell you something; it's sweeping the lands this day.

Listen, these churches and things that's having a form of godliness, but denying the

power thereof, You find out they go in there; it's not a natural death; it's a spiritual death. A natural death is not very bad, but a spiritual death, being separated, cut off from God, sinned away their day of grace. Went over and looked out said, "Bunch of holy-rollers, don't pay any attention to that." Devil's in the pulpit, as sure as the world. Certainly.

48 Brother, a man's got to be borned of the Spirit of God,

regenerated, washed in the Blood of the Lamb, with the baptism of the Holy Spirit, as God's Divine witness in your soul. That's true. Yes, sir.

Said, "Don't worry, son. Everything's all right. The death angel turned away."

**The droughts may come;  
the hard times may come.  
You may be persecuted,  
made fun of and everything,  
but Eternal Life stay's right  
there just the same.  
Hallelujah.**

**Let the neighbors say what they want to. Let the minister say what he wants to. Let the doctor say what he wants to. That don't take away Eternal Life. It's the gift of God that was given by the Holy Spirit. It can't go away. It's the Holy Spirit Itself living in the individual.**
